

## DIESEL SMOKE STOP CAR

### 1. General description

Anti-smoke for car diesel-engines. Improved performance by cleaning and protecting the complete fuel system. Compatible with catalytic converters.

### 2. Features

- Reduced emissions.
- Keeps fuel system clean.
- Prevents power loss due to fouled injectors.
- Improves cetane rating, thus reducing emissions and optimizing performance.
- Significantly reduces combustion chamber, intake valve, and port fuel injector deposits.
- Significantly improves fuel economy.
- Improves driveability by helping reduce surging, stumbling, hesitation, stalling, and rough idling.

### 3. Applications

- In all grades of diesel.
- Eliminates the origin of the "black diesel smoke" which provokes disappointing emission controls.

### 4. Directions

- Mount the spout on the can.
- Pour the complete content of the can into an almost empty fuel tank. Dose is sufficient for one passenger car.
- Fill up the fuel tank as outlined in the users' manual of the engine.
- **A safety data sheet (MSDS) according to EC Regulation N° 1907/2006 Art.31 and amendments is available for all CRC products.**

### 5. Typical product data (without propellant)

Appearance	Liquid.
Color	Amber.
Odor	Characteristic odor.
Density	0.795 g/cm <sup>3</sup> (@ 20°C).
Flash Point	> 62 °C

### Remarks

All statements in this publication are based on service experience and/or laboratory testing. Because of the wide variety of equipment, conditions of use and the unpredictable human factors involved, we recommend that our products are tested on-the-job prior to use. All information is given in good faith but without warranty neither expressed nor implied. This Technical Data Sheet may already have been revised as a result of a change in legislation, availability of components or newly acquired experiences.
